

ANTHROPOLOGY (BA IN ANTHROPOLOGY)

The Anthropology Program

Anthropologists research and teach in a variety of geographical locations and disciplinary subfields. Field and laboratory training in cultural anthropology, archaeology, linguistic anthropology, and biological anthropology are provided in a variety of courses, as well as through individual research. The department has programs in historical archaeology and sponsors summer field schools at various sites. The Center for Archaeological Research also provides research opportunities and student instruction.

Course Requirements

Code	Title	Hours
Core requirements		
ANTH 200	Contemporary Problems in Anthropological Perspective	3
ANTH 300	History of Anthropological Theories (Meets MCR)	3
Select one course in each in archaeology, sociocultural anthropology, and biological anthropology. ¹		6
ANTH 201	Introduction to Archaeology	
ANTH 202	Introduction to Cultural Anthropology	
ANTH 203	Introduction to Biological Anthropology	
ANTH 470	Senior Seminar (Meets MWR)	4
Electives		17
Select from ANTH courses.		
Major Computing Requirement		
ANTH 300	History of Anthropological Theories	
Major Writing Requirement		
ANTH 470	Senior Seminar	
Total Hours		33

¹ ANTH 200 Contemporary Problems in Anthropological Perspective does not count toward this requirement. Only one field school (6 credits for ANTH 225 Archaeological Field Methods or ANTH 425 Advanced Archaeology Methods) may be counted as part of the 33 required credits for the major.

Methods Requirement

All anthropology majors are required to take one course with a methods attribute (ANME-ANTH Methods Course). Students may count any of these courses towards both a subfield requirement and the methods requirement of the major.
