

HEALTH SCIENCES (HSCI)

HSCI 100 Critical Questions in HSCI (4 Credits)

An exploration of significant questions and concepts, beliefs and creative visions, theories and discoveries in Health Studies for first-year students. Although topics vary, the courses also seek to improve students' communication skills beyond the written word.

College Curriculum: C100

HSCI 150 First-Year Seminar (4 Credits)

An exploration of a specific topic in Kinesiology & Health Sciences. A grade of C- or better fulfills the COLL 150 requirement. Although topics vary, the courses emphasize academic writing skills, reading and analysis of texts, and discussion.

College Curriculum: C150

HSCI 495 Honors (3 Credits)

Students admitted to Honors study in Health Sciences will enroll for both semesters of their senior year. Requirements include (a) supervised readings in the field of interest, (b) the preparation and presentation by April 15 of an Honors essay or an Honors thesis based on the students own research, and (c) satisfactory performance in an oral examination based on the Honors project and related background. Consult the chair for eligibility, admission and continuance requirements.

HSCI 496 Honors (3 Credits)

Students admitted to Honors study in Health Sciences will enroll for both semesters of their senior year. Requirements include (a) supervised readings in the field of interest, (b) the preparation and presentation by April 15 of an Honors essay or an Honors thesis based on the students own research, and (c) satisfactory performance in an oral examination based on the Honors project and related background. Consult the chair for eligibility, admission and continuance requirements.
